HELLO FROM LANDAU
Thank you for considering a Landau Pontoon. There are many options when it comes to selecting a pontoon boat. So why Landau?

We are an independent, family-owned manufacturing company. We are not a giant corporation, and we are not a high output assembly operation shoving out thousands of boats per year.

Landau Boats are still handcrafted. We don't just buy components and assemble them. We start with basic raw materials and make our own.

We not only make our own pontoon logs, but we are one of the few companies that design and manufacture our own upholstery in-house. Most of our competitors buy and install pre-made furniture.

THE CERTIFIED ADVANTAGE

The NMMA Certified label on a Landau®
boat is your proof it meets, and often
exceeds, the industry’s strictest quality
and safety standards.

Safety Note: Landau® recommends for all persons to take a United States Coast Guard (USCG)-approved course in safe boat handling procedures or its equivalent along with fully reviewing all boat product operating manuals and procedures.

Manufacturing Note: The information printed in this brochure is based upon the latest product information available at the time of printing. Landau® reserves the right to make changes at any time to prices, colors, materials, equipment, specifications and models, and to discontinue models without notice or obligation. All specifications are approximate
and dimensions are nominal. Text may mention optional equipment which may be included as a standard item in your model of choice. Photographs and illustrations may also show
optional equipment available at additional cost.
